

Rhythm Lesson One

Watch this video and follow along with your voice. It's really good and gets you reading rhythms very quickly.

Then watch the video a second time, and this time, instead of saying the rhythms out loud, play the rhythms either by patting them on your lap, clapping them, or using drumsticks, pencils, wooden spoons, etc.

https://www.youtube.com/watch?v=Y5_27Gc28ls

This will prepare you for my bucket drumming lessons.

The more you practice the easier it is!
